

## ***Members & Partners***

---

*The Triangle Coalition brings together the voices of government, business, and education to improve the quality and outcome of science, mathematics, engineering, and technology (STEM) education. Member and partner organizations are committed to improving science and technology education for all students.*

### ***Partners***

- NASA
- National Oceanic and Atmospheric Administration
- National Science Foundation
- U.S. Department of Energy
- Coalition for Science Literacy/ACEE at University of South Florida
- Concord Consortium
- Council of Presidential Awardees in Mathematics
- Council of State Science Supervisors
- Delaware Foundation for Science & Mathematics Education

### ***Members***

- 3M
- Academy of Science of St. Louis
- Acoustical Society of America
- Alabama Mathematics, Science, Technology, & Engineering Coalition (AMSTEC)
- American Geological Institute
- American Institute of Physics
- American Mathematics Association of Two-Year Colleges
- American Nuclear Society
- American Society for Biochemistry and Molecular Biology
- American Society for Engineering Education
- Arkansas Department of Higher Education
- Arkansas River Education Service Cooperative
- Arkansas STEM Coalition
- Association for Science Teacher Education
- Association of State Supervisors of Mathematics
- BEST Robotics, Inc.
- Center for Integrative STEM Education at the National Institute of Aerospace
- Center for Mathematics and Science Education, University of Arkansas
- Christa Corrigan McAuliffe Center
- DOME Foundation, Inc.
- E.I. DuPont de Nemours and Company
- Entomological Foundation
- ETA/Cuisenaire
- Fermi National Accelerator Laboratory
- Fly to Learn
- Ford Motor Company Fund
- Georgia Coalition for Science, Technology and Mathematics Education
- The Hockaday School
- Hofstra University Center for STEM Research
- Houghton Mifflin Harcourt
- Idaho Science, Mathematics, and Technology Coalition
- IEEE (Institute of Electrical and Electronics Engineers)
- Illinois Mathematics and Science Academy
- intelitek, Inc.
- International Technology and Engineering Educators Association (ITEEA)
- International Technology and Engineering Educators Association/Council for Supervision and Leadership (ITEEA/CSL)
- Iowa Math and Science Education Partnership
- Kenan Fellows Program, Kenan Institute for Engineering, Technology & Science
- Maine Mathematics and Science Alliance
- Massachusetts Academy of Sciences

- MathScience Innovation Center
- Merck Institute for Science Education
- MITS, Inc.
- National Association of Biology Teachers
- National Association of Geoscience Teachers
- National Center for Technological Literacy
- National Council of Supervisors of Mathematics
- National Council of Teachers of Mathematics
- National Earth Science Teachers Association
- National Energy Foundation
- National Middle Level Science Teachers Association
- National Museum of Education
- National Renewable Energy Laboratory
- National Science Education Leadership Association
- National Science Teachers Association
- Nevada Math Council
- Ohio Academy of Science
- Ohio Council of Teachers of Mathematics
- Pearson Education
- Pittsburgh Regional Center for Science Teachers, University of Pittsburgh
- Research Council on Mathematics Learning
- Rhode Island STEM Center at Rhode Island College
- Rider University Science Education and Literacy Center (SELECT)
- School Science and Mathematics Association
- School Specialty Science
- Science Council of New York City
- Science Olympiad
- SciMathMN
- Society of Manufacturing Engineers Education Foundation (SMEEF)
- South Arkansas Mathematics & Science Center, Henderson State University
- South Carolina Coalition for Mathematics and Science
- STARBASE ROBINS, Museum of Aviation
- State Supervisors of Technology and Engineering Education
- Teachers Clearinghouse for Science & Society Education, Inc.
- Technology Student Association
- TEKNA-THEOS, Inc.
- TERC (Technical Education Research Centers, Inc.)
- Texas Instruments Incorporated
- UCA STEM Institute
- UNLV Center for Mathematics, Science and Engineering Education
- Vernier Software & Technology
- Virginia Mathematics and Science Coalition
- Waksman Foundation for Microbiology
